Hosted by

Mississippi Valley Region

"Comin' Around the Bend"

Comin' Round the Bend

The Quad Cities was the site of many implement and car manufacturers in the early teens and twenties. Two of the vehicles produced in those years were the **Moline** and the **Moline Knight**, which eventually morphed into the **R & V Knight Motor Company**. The factory and test track were located in East Moline, IL near the current site of The Bend XPO/Hyatt Hotel Complex. Part of the test track still exists and will be available for photos throughout the meet.

The Bend XPO features 70,000 square feet of indoor display area which will hold 175 meet vehicles inside, in air-conditioned comfort and is located on the banks of the Mississippi River with plenty of room for **free** trailer parking on site. Hyatt Place is adjacent to The Ben Butterworth Parkway which provides easy access to hiking, biking, and a walking path that runs throughout the region.

Attractions

Thursday

With many sites to see in the area, the Quad Cities Visitors and Convention Bureau will help 'Design Your Own Tour' of the area. From the Rock Island Arsenal Museum and Mississippi River Visitors Center, to the I-80 Truck Museum, or the John Deere Pavilion, there is no need to be bored. If you are new to the QC, see some touring suggestions on the Mississippi Valley Region's website at <https://mvr.aaca.com/2022-meet/> or sign up for the Guided Driving Tour of the area hosted by Mississippi Valley Region members. Be sure to be back for the **free** Ice Cream Sundae Bar.

Friday

Continue to enjoy the region, but don't miss the Dahl Ford 'Old Car Barn' Collection, located in Davenport, IA. The extensive collection of cars and memorabilia are a site to see. Find the driving instructions in your Registration Packet. No matter your Friday activities, be sure to get back in time to board the Celebration Belle Riverboat for an evening cruise of prime rib, music and the sights and sounds of the mighty Mississippi River.
