Taking Over the VP of Judging

By Dave Bowman, VP Judging, [bowman_d@bellsouth.net](mailto:b Bowman_d@bellsouth.net)

Every few years, AACA rotates the position of VP of Judging. I was selected to guide our judging teams for 2025. Many of you know me from being Chief Judge at the Charlotte Nationals, Grand National and others. I'm pleased to be in this position this year.

So, what does a VP of Judging actually do?

The VP of Judging approves or selects the Chief Judge for each of the Nationals and oversees class assignments and the selection of judging teams for each of the Nationals. He presides over the Judging Committee meetings where judging performance and potential changes are discussed for National Board approval. Updates to the Judging Guidelines are the responsibility of the VP of Judging as well.

The VP of Judging is also responsible for responding to member requests for where deductions were taken during the judging of their car at one of the Nationals. This is the most time-consuming part of this role. Last year, more than 300 requests for areas of deduction were answered. Judging forms for all of the Nationals in 2024 are available, but not for any previous year. Just a reminder, requests must be in writing and mailed to me with a self-addressed stamped envelope (SASE) for a response.

We are always in need of new judges. Please consider inviting a friend to join the judging system. We also want to encourage younger members to join us. Judging is a great way to make friends with members of other regions.

Won't YOU Join Me in the Desert?

By Fred Bartemeyer Jr, Chief Judge Tucson, fbartemeyerjr@q.com

The Duel in the Desert III (Grand Nationals and Western Spring Nationals) is coming up fast in the first part of May. Once again, the dual meet in Arizona provides the AACA with a great opportunity to promote our club in the western part of the country.

Please consider registering as judges for the dual meet. The more judges who participate, the fewer car counts per team on show days resulting in higher quality evaluations for our participants.

Please note that Judges Breakfast starts at 7 a.m. and judging starts at 10 a.m. on both days for each show. The early start times

We have a great lineup of Nationals this year starting with Charlotte where the Judges Breakfast will now be in the Speedway Club within Smith Tower, just a short way from the show field. Judges Admin will have a nicely upgraded space as well. Trailer parking has moved to paved parking lots in front of the Speedway. The show field remains in the same place as prior years.

May 2-3, we will be in Tucson, AZ, for a dual Grand Nationals and Nationals show. I encourage our western members to support these Nationals by showing and/or judging. For those entering their car for the first time in a Grand Nationals, you have a rare opportunity this year. If you receive your Grand National award in Tucson, you can enter your vehicle in the second Grand Nationals of the year in Dayton, OH, July 24-26, and receive both your Grand National and Senior Grand National awards in the same year.

June 19-21, we will be in Beckley, WV, with a street show in the historic downtown area. Two years ago, this region put on an excellent show, and I expect the same this year. We will close out the year with two Nationals in October... Hershey, October 7-10, and Galveston, TX, October 23-25.

I look forward to seeing each and every one of you judging on the show fields this year!!

were suggested by the Tucson Region on speculation that the Arizona heat will potentially be a concern.

I look forward to spending time with my judges and hope for a successful and relaxing event for all involved. Please do not hesitate to contact me with any questions or concerns.

Grand Nationals – Tucson, AZ May 2, 2025 DEADLINE: April 15, 2025

Judges MUST have 10 or more field judging credits. Reminder: NO CJE at Grand Nationals.

2025 Show Schedule is Packed with Opportunities

By Dain King, Judging School Instructor, dainkingv8@gmail.com

There are so many great things going on this year! I am already looking forward to judging at Tucson and Galveston. May 1-3 in Tucson means a dual show, the Western Spring Nationals and a Grand Nationals on the same weekend. If you stay a few extra days to enjoy Beckley after the Eastern Spring Nationals, you just might be able to catch a glimpse of the Great Race making its way through West Virginia. It will be worth arriving a day early and staying a day late to see some of the historical venues in and around Dayton, Ohio, for the Grand Nationals and the Zenith Awards. Just seeing the Zenith Award nominees is an education in itself.

Spending Independence Day in Auburn, Indiana, is my idea of Americana in the Midwest. There are three museums of note right there in Auburn, and more in Fort Wayne. And the Gilmore is a little over an hour north just over the state line in Michigan. Allow yourself a full day, and bring a lunch, as you won't want to leave until they close. That is why we come a day early and stay a day late.

If you have never been to a swap meet, get started at Hershey, a day or three early, and attend the RM Sotheby's auction in conjunction with the Eastern Fall Nationals. If you are a Senior Master Judge and have never judged at Hershey, you owe it to

yourself to participate. You might not get a reserved parking spot with valet parking, but you will get free parking in a very convenient spot near the locations of Judging School, Judges Breakfast, and the show field.

The Central Divisional Tour starts in San Antonio, Texas, and finishes on Wednesday, October 22, in Gonzales, Texas, just three hours west of our Central Fall Nationals that starts the next day in Galveston. What a great way to get away from that first blizzard in the Northeast! After the tour you can pick the pebbles from your tires, spray some Meguiar's® polish on the chrome and get your First Junior all in one week.

This year gives us the opportunity to earn at least nine judging credits, depending on your eligibility to judge at Grand Nationals. Judge in all four categories, judge in different classes, and work as if you will be a Team Captain and begin to think like one. Listen to your teammates, as their experiences will give you a well-rounded level of knowledge of automotive history, mechanics, and even marketing.

*Life is just like a railroad crossing...
Stop, Look and Listen.*

Congratulations to These 3 National Award Honorees!

Samuel E. Baily Memorial Award: Dave Bowman, Charlotte, North Carolina **Recognizing outstanding contribution to AACA's Judging System**

Dave is well-known in the ranks of our judging system and has almost 150 judging credits. He has served as a Chief Judge at several national shows, served on the Class Judging Committee, has been a Team Captain, and was HPOF Chairman, among various other judging duties. Dave is a supremely dedicated judge who takes his responsibilities seriously.

Thomas J. Wells Memorial Award: Debbie Nolen, Richmond, Virginia **Field Judge who contributes to the success of AACA's judging program**

The ranks of our judging community include some extremely dedicated and supportive judges, and Debbie has certainly earned her way to the top of the list. She has been a field judge, apprentice judge instructor, and serves on our National Awards team. Debbie always has a smile on her face and goes the extra mile to help her fellow judges.

Senior Master Judging Award: Wally Hunt, Fredericksburg, Virginia **Senior Master Field Judge with fewer than 100 judging credits, for exemplary performance of AACA judging principles and practices**

Wally has become an excellent Senior Master Judge and has started the process of becoming a certified Team Captain. His experience with early Model Ts started him on his judging journey. More recently, Wally has taken on responsibilities on the certified race car committee by assisting in the validation process for new entries and judging those classes. Wally attends a lot of our events and is always very professional in his duties.

AACA Judges protect the heritage of the past & preserve the standards for the future.

2024 Judging Award Recognition

by *Bonnie Kulikowski, Chairman of Judges Records*

On behalf of the AACA President, the Directors and the Judging Committee, I would like to congratulate the judges listed below for achieving the indicated judging award. The commitment shown by each of these judges is sincerely appreciated and is the cornerstone of our judging program.

AACA Judges protect the heritage of the past & preserve the standards for the future.

HPOF Class is Now AACA Original

By Dave Bowman, VP Judging, bowman_d@bellsouth.net

Since its founding, AACA has been dedicated to the preservation, restoration, and maintenance of automobiles. In the furtherance of the “preservation” mission, in 1987, the AACA Board of Directors established a program to encourage the saving and displaying of collector vehicles in their original, as-manufactured condition.

This program entitled the “Historical Preservation of Original Features (HPOF)” was updated in 2025 to “AACA Original.”

The AACA Original program encourages owners of vehicles 25 years old or older to maintain significant original features in their original condition, and to show them at AACA Nationals. A vehicle may be entirely “original”, or it may have certain original features such as paint, chassis, upholstery, engine compartment, etc., that are essentially as delivered. These vehicles will not be point judged. **It should be noted that there is no change to the evaluation process or scoring sheets for this class.**

A vehicle being evaluated for the first time, if certified, will receive an AACA Original board, AACA Original chip, and an AACA Original badge. The badge should be visibly mounted on the vehicle. No vehicle will be re-certified if it does not display the AACA Original badge. The badge will be engraved with the year awarded. A vehicle having achieved the AACA Original certification award is now eligible for certification at a subsequent Nationals in order to achieve the Senior AACA Original award.

If certified as a Senior AACA Original, the owner will receive an AACA Senior tab to be mounted behind the AACA Original badge on the vehicle and a Senior AACA Original preservation chip for mounting on the board. If the vehicle does not certify at the Senior AACA Original level, it will receive a repeat AACA Original chip provided it meets the AACA Original certification standards. If a vehicle is not certified as a Senior AACA Original, it can be reconsidered for the award if the owner submits a request to the VP of Judging. The VP will inform the owner whether the request has been granted or denied. If granted, the vehicle can be entered in a subsequent Nationals to be evaluated again for the Senior AACA Original award. The vehicle will either be certified at that time as a Senior AACA Original or if it still does not meet the criteria, it may continue to be eligible for repeat AACA Original awards provided it meets the certification standards. If the re-consideration is denied, the vehicle maintains AACA Original status and is eligible to be shown for AACA Original repeat awards at all future AACA Nationals.

No previous National First Prize winners are accepted unless they are original and have been maintained to preserve their originality. An AACA Original certified vehicle that is significantly restored will lose its AACA Original certification.

a. Vehicles that received their First HPOF Certification prior to 2025 will be evaluated for Senior AACA Original Status.

i. Vehicles certified as an AACA Original but not a Senior will receive the updated AACA Original badge engraved for the current year and AACA Original chip. Vehicles will be eligible for Repeat AACA Original chips at subsequent showings unless successful at petitioning for a reconsideration from the VP of Judging.

ii. Vehicles certified as a Senior AACA Original will receive the updated AACA Original badge engraved for the current year, Senior tab, and Senior AACA Original chip. Vehicles will be eligible for repeat Senior AACA Original chips at subsequent showings.

b. Members who choose to either a) not recertify their HPOF vehicle into the AACA Original program at a national show, or b) who wish to have their original HPOF certification date on their AACA Original badge can purchase updated badges.

i. Purchased AACA Original badges will be engraved with the year of HPOF Certification at a cost of \$15.00.

ii. HPOF and repeat HPOF vehicles may only purchase the updated AACA Original badge.

iii. AACA Original HPOF vehicles must have both the updated AACA Original badge and the Senior tab, additional charges may apply.

iv. For chip replacement, please contact National Headquarters. The former HPOF and AACA Original HPOF chips are no longer available.
